

SOW-36312316-28-S1

Ka-Band Voltage Tuned Oscillator, 32 to 44 GHz, +16 dBm

SOW-36312316-28-S1 is an Ka-band, voltage tuned oscillator with a frequency tuning range of 32 to 44 GHz. The oscillator takes a DC bias of +8 V_{DC}/450 mA and delivers +16 dBm output power with low phase noise and harmonic emissions. The tuning voltage range is from +0 to +4 V_{DC}. The tuning port is equipped with a SMA female connector. The RF output is a WR-28 Uni-Guide™ Waveguide with UG-599/U flange.

SUPPLEMENTAL DETAILS

NOTE:

- On condition that test data is provided it is collected from a sample lot. Actual data may vary slightly from unit to unit. All testing is performed under +25 °C room temperature.
- On condition that simulated test data is provided, actual measured data may slightly vary.
- The VCO employs Eravant's trademarked and patent pending technology, the **Uni-Guide™**, as its waveguide interface. The orientation of the output waveguides can be specified through corresponding model numbers. For example, the model number for a horizontal output waveguide configuration would be **SOW-36312316-28H-S1** instead of the default **SOW-36312316-28-S1** which indicates vertical orientation output.
- Eravant reserves the right to change the information presented without notice.

CAUTION:

- The device is static sensitive. Always follow ESD rules when working with the device.
- Reversing polarity will destroy the device.
- The VCO bias voltage should never exceed **+16.0 Volts**.
- The case temperature of the device should never exceed **+50 °C**. Use an additional heatsink or fan if necessary.
- If a waveguide is present, any foreign objects in the waveguide will cause performance degradation and may damage or destroy the unit.
- For 1 mm connectors proper torque should be applied: 4.0 ± 0.15 inch-pounds (0.45 ± 0.02 Nm). Torque wrench model SCH-06004-S1 is highly recommended.
- For 1.35 mm, 1.85 mm, 2.4 mm, 2.92 mm, and SMA connectors proper torque should be applied: 8.0 ± 0.15 inch-pounds (0.90 ± 0.02 Nm). Torque wrench model SCH-08008-S1 is highly recommended
