### W-Band ACCESS VNA Frequency Extender, 20 GHz

(1) Tx/Rx Module with Attenuator and (1) Tx/Rx Module

**STO-1020307-CMC-S2** is a W-Band vector network analyzer (VNA) frequency extender Tx/Rx pair designed to achieve full 2-port S-parameter testing at 67 to 116 GHz. One of the Tx/Rx module includes a precision micrometer adjustable attenuator with 30 dB tuning range. It is compatible with modern vector network analyzers such as the Rohde & Schwarz ZNA, Anritsu VectorStar™, Keysight PNA-X Series, and Copper Mountain CobaltFx. The VNA needs dual sources to be extended. The frequency extender can achieve a dynamic range up to 120 dB for certain passive products that require high rejection, isolation, and return loss testing such as directional couplers, orthomode transducers, and filters. An AC to DC Power adapter and two **Proxi-Flange™ Contactless Flanges (STQ-WG-10010-FB-CF and STQ-WG-10025-FB-CF)**, are included. The **Eravant Calibration Kit (STQ-TO-10-S1-CKIT1)** and **Wave-Glide™ Rail System (STQ-TL-RW-S10-M1)** are highly recommended to complete the W-Band VNA test. Each VNA extender is packaged individually in a rugged equipment box with additional hardware and tools.

**NOTE:**

- One pair of extender modules are included in STO-1020307-CMC-S2: (1) Tx/Rx module with Attenuator and (1) Tx/Rx Module.
- It is **recommended** that calibration be performed every 12 months to ensure proper operation.
- Eravant reserves the right to change the information presented without notice.
- Extended frequency band operation will have specifications degradation outside the nominal frequency range. Please consult the provided data plots for more information.

**CAUTION:**

- Exceeding absolute maximum ratings of the device will damage the extenders.
- For 1.35 mm, 1.85 mm, 2.4 mm, 2.92 mm, and SMA connectors proper torque should be applied:  $8.0 \pm 0.15$  inch-pounds ( $0.90 \pm 0.02$  Nm). Torque wrench model SCH-08008-S1 is highly recommended.
- Any foreign objects in the waveguide will cause performance degradation or damage the device.
